CONFERENCE OF PRESBYTERIAN YOUNG PEOPLE

Young People Representing Churches From All Parts of North Mississippi Assemble Friday Afternoon in Grenada, Prominent Speakers Will Address Them.

Beginning this (Friday) afternoon and lasting until Saturday at noon, there will be held in Grenada a conference of young people from the Presbyterian Churches from the northern part of Mississippi. This conference is being arranged by Mr. R. L. Landis, the State Sunday School and Young People's Worker, and by Rev. O. G. Davis, Superintendent of Home Missions and Sunday School work in the North Mississippi Presbytery.

Among the speakers at the conference will be Dr. Alfred Hume of the University of Mississippi, Captain F. L. Slaymaker of Atlanta, Ga., and Dr. G. T. Gillespie, President of Belhaven College.

A MOST FAITHFUL AND EFFICIENT STATE LIBRARIAN

It is always gratifying to know that one is succeeding, and especially is this true when it is known that he is faithful and is doing his level best to meet properly and wisely the duties that devolve upon him.

Just at present The Sentinel has in mind Mrs. W. F. Marshall, the very intelligent, capable and painstaking State Librarian. Mrs. Marshall is strictly on the job and is untiring in her efforts to please and to make the State one of its best and most capable public officials.

Sometime since, Mrs. Marshall's duties carried her to the American Association of Law Libraries at Detroit. She so distinguished herself there for efficiency and thoroughness that she was honored with the second vice-presidency of the Association. There were nearly 2,000 delegates present and when it is recalled that she was the only official chosen from this section of the country, the honor paid her is of double significance. The Sentinel congratulates her and is gratified that Mississippi has a Librarian who fittingly represents the best thought of the State.

PASS CHRISTIAN MAN FOR LIEUTENANT-GOVERNOR

Gulfport, Miss., September 15.—C. B. Adams of Pass Christian, who was an ardent supporter of James K. Vardaman, recent candidate for the United States Senate, has announced himself as a candidate for lieutenant-governor of Mississippi. In making his announcement Mr. Adams stated that he was running for himself and connected with no faction in the race.

NORWOOD'S MARKET MOVES TO GREEN ST.

Owing to the fact that the building I have been occupying has been sold, I am moving my market to the corner building on Green street opposite R. W. Mitchell's store. I will be well located there and have convenient facilities. I hope my friends will not fail to follow me to my new place of business where I shall be pleased to continue to give them the very best service possible and to sell them the best meats the market affords. Thanking one and all for past patronage and soliciting further favors, I am very truly,

Grenada, Miss., Sept. 22, 22.

A CARD.

I want to thank my friends of the Fourth Congressional District who helped and supported me in the first Primary. I do not want you to feel that on account of the light vote received outside of my home county that I am less appreciative of the uniform courtesies extended to me by all the citizens during the campaign. It is with pride I can state to my friends that I received 504 out of 751 votes in West Point, my home town, and that I led the Congressional ticket in Clay County, over all three of my opponents.

Assuring you of my profound appreciation of your support, I am Yours very truly,
B. S. Semmelman.

DR. R. A. CLANTON NAMED HEALTH OFFICER

Appointed to Vacancy Caused by Death of Dr. J. B. Middleton. Dr. Clanton Was Reared in Grenada County. Appointment Pleasing to Many.

Dr. R. A. Clanton has been asked if he would accept the place of County Health officer of Grenada County made vacant by the death of Dr. J. B. Middleton and it is understood that he indicated that he would accept the place which it would seem means that in a short while he will be officially notified of his appointment.

Dr. Clanton has been in Grenada only a few months, nevertheless has been quite busy professionally and it seems certain that he will have an extensive clientele. He is comparatively a young man, and while new to Grenada as a Doctor, yet he is well known in the County, having been reared in the Chapel Hill community. He is a good man and a good citizen and it is safe to assert that he will make an acceptable and a diligent County Health official. The Sentinel congratulates him on his appointment.

DO YOU WANT TO SELL THAT PROPERTY?

If you have anything in the way of real estate that you want to sell or rent, either farm property or city property, here or elsewhere, bring it to the Lawrence Realty Co. We expect to use the advertising columns of The Sentinel to push any real estate matters entrusted to us. If there is some one who prefers that his or her property be handled on the quiet, why all that is necessary is to whisper to us.

BUSINESS MEN PROVIDE REST ROOM FOR LADIES

The business men of Grenada have arranged to provide a Rest Room for ladies from the country and other ladies who come to Grenada shopping or on other business. Quarters have not yet been secured, but it is hoped to have a suitable place within the next few days. A Rest Room is one of Grenada's needs. These ladies who have some of their little folks with them will be especially accommodated by the Rest Room and it is hoped that all will avail themselves of its benefits. Whether the ladies have some of their little folks with them or not, they all need a place "to powder up" when in town, and Grenada is glad to provide quarters.

SCHOOL NOTES.

The Opening of Grenada High School. Vacation time has come and gone. September has come and brought with it the opening of school. To those of us who are ambitious, the opening of school means new resolutions to make this year a better and fuller one than any year before.

This idea was expressed in a forceful sermon delivered by Rev. Farr on the Sunday before the opening of school. He used as his text "Let us go forward."

Monday and Tuesday were devoted to the classification of new students. Tuesday night a reception was given to the teachers by the Parent Teachers' Association. The reception was well attended and after every one was welcomed and introduced, a delightful musical program was rendered. Prof. Rundle then made a short talk, after which this year's senior girls served ice cream and cake.

Wednesday morning school proper began with assignments of lessons. Prof. Rundle spoke to the high school students in chapel, giving them as a text for the year, "So built we the wall and all the wall was joined together unto the half thereof, for all the builders had a mind to work."

With two such watchwords for the year, we ought surely to do our best and truly "go forward."

The enrollment to date is 616. 461 in Grammar School and 155 in High School.

Commercial Department. The Grenada High School curriculum has been much improved this session by the addition of the commercial course. Owing to the scarcity of typewriters only ten seniors are given the privilege of taking this course. There are sixteen juniors in the bookkeeping class. Next year if we get in the new building, these classes will be enlarged.

Class Organization. On Friday, September 13th, each class in the High School held a meeting during the "open period." Officers were elected for the year as follows: Seniors—President, Edith Pearson, Secretary-Treasurer, Maxwell McCormick.

Juniors—President, Lucile Miers, Secretary-Treasurer, Martha Bell. Sophomores—President, Oswald Prather. Freshman—President Mary Slaughter, Secretary-Treasurer, John Hardy. Each class is a business organization, and work will begin at once to fill the treasuries.

Physical Training Classes. On Wednesday morning the physical training classes of Grenada Public School were organized. There are ten grammar groups and six high school groups. Each group has one teacher and some of the high school students as leaders. Thorough training will be given in order that the boys and girls may be stronger in body and in mind.

Music Room Under Construction. On account of the large number of pupils in the sixth grade, a new teacher had to be provided, Miss Middleton. Desks are to be moved into the music room to eliminate the present crowded condition of the sixth grade. A new room is being built on the west side of the school building for the music department.

Foot Ball. The prospects for a good foot ball team for this year are splendid. About twenty men come out every afternoon to try for the team. The coach, Mr. Gunn, and the captain of the team, Bobbie Jones, are doing their best to get the material in shape for a good team. The first game will be played with the Water Valley team during the first week in October.

Girls' Hi Y. The Girls' Hi Y of Grenada High School will be in charge of Miss Malone, the commercial teacher, for the session of 1922-23. The girls are looking forward to a great work in this organization.

Teachers Entertained. On last Monday evening the teachers were the guests of Mr. Tyson at the Opera House where they thoroughly enjoyed a program of good pictures.

Thursday afternoon Messrs. Dyer and White entertained the faculty at the Fatherree Drug Co. Most appetizing refreshments were served. After this enjoyable affair several girls of the senior class in their cars called for the teachers and took them for a long drive.

It appearing to the board that Mrs. M. A. Allison was assessed for the year 1921 with one poll tax in Grenada County, Mississippi, and it further appearing that Mrs. Allison is a resident of Tallahatchie County, Mississippi, and having paid her poll tax in said Tallahatchie County and in Grenada County, it is hereby ordered that the clerk issue warrant to Mrs. M. A. Allison, for said poll tax or \$2.00 against the school fund, to refund said erroneous payment.

Ordered that the report of Miss Kate Lee, Home Economics Agent for the month of August, 1922 be approved.

It appearing that due advertisement was made for the construction of wooden bridge across slough and furnishing lumber to repair other bridges on Horton Bridge Road, and that J. C. James was the lowest and best bidder on same, and for the sum of \$1.74 per lineal foot for bridge and \$24.95 per thousand for additional lumber, and it appearing further that said bids are fair and reasonable, it is ordered that said contracts be awarded to J. C. James upon the execution of good and suffi-

STATE HIGHWAY OFFICIALS TO BE HERE

Commissioner From This District and State Engineer to Meet Supervisors Monday. Urge Attendance of All Who Are Interested in Highway Improvement.

Hon. M. A. Boone, State Highway Commissioner from this District and State Highway Engineer, Deitzer, have asked to meet the board of supervisors of Grenada County on next Monday afternoon, September 25th at the court house at 8 o'clock.

These gentlemen also urge all who are interested in improved highways to be present at the meeting. Especially is the meeting important to those particularly concerned in an east and west highway through Grenada County.

The Sentinel hopes that there will be a representative gathering to greet these officials and to hear what they may have to say regarding road work in the County.

Too many people fail to avail themselves of opportunities to inform themselves about public projects and they play the part of a critic after the projects are projected. The meeting is a matter of importance, of great importance, to the County, and The Sentinel repeats that it hopes that he meeting will be well attended.

The candidacy of Bilbo for Governor might be taken seriously if it were not so down right like Mutt and Jeff.

Every friend of Maj. Vardaman should turn the back of his hands on Bilbo, Burch, Russell and the whole gang who had a hand in pushing the Major through the recent campaign while suffering from the malady they knew he was undergoing at the time. And when this bunch of officeseeking demagogues come out with the tale that Maj. Vardaman collapsed under the recent campaign, it will be false. He was suffering when he entered that campaign, and every one of them knew it. Write his brother, and get the dope straight.—Winston County Journal

If Marion Reiley or Ben Humphreys get into the race for Governor—and our guess is that one of them will—Mississippians who take pride in referring to Prentiss, Foote, Davis, Lamar, George, Walthall and others, may take consolation in the fact that some real statesmen are being induced to submit their names to the electorate of the State for the great office of Governor. These men are not only clean and honest, but they have rendered some real party and patriotic service in trying to redeem Mississippi from the political buccaneers who have been touching the pocket books of the taxpayers, and making the State the butt of ridicule abroad, for the past eight years.

After Bilbo and Russell had been inflicted on the good people of our state, every moral pervert and mental bankrupt in Mississippi, skating on the outside of our jails and penitentiaries, thought their ability to keep from within the walls of those places of confinement, qualified them for public office. Thanks to the decent and patriotic element of our commonwealth, a crimp has been placed on their political desire of these gentry. We must not lose sight of the fact, that the good women of Mississippi were no mean factor in contributing to redeeming the state from the graft and immorality we have so long been cursed with.—Moss Point Advertiser.

By the way, did the Columbus Dispatch ever make known its position in the senatorial campaign? The man who wants help to put over a job ought to be willing to give others help in similar undertakings.—Grenada Sentinel.

The people of Mississippi will be slow to accept the statement of any politician who may offer for office that he "helped to redeem Mississippi" or that he even believed the state needed redeeming, unless somewhere down the line the record shows that he gave at least a little aid in this important matter.—Clarion Ledger.

THE BONUS VETO.

We think President Harding correct in his veto of the Bonus Bill. But now that he has signed the tariff bill, which will take millions out of the pockets of the people and put it into the pockets of the eastern millionaires who own manufacturing plants, he is by no means consistent. It means a great deal, according to Republican standards, who's getting the money. On top of the tariff bill, Mr. Harding is urging a \$75,000,000 gift out of the National treasury to the shipping trust. There are no jewels in consistency from a Republican's standpoint when those who contribute to campaign funds are getting the money.

When John Sharp Williams made the statement a few days ago that college experts and scientists had failed to find anything to kill or exterminate the boll weevil, he uttered that which the farmers and common sense observers of the country know. There has been more swapping of positions, sloshing around as to "how to kill them," about the boll weevil than about any other pests that ever preyed upon the crops of the farmers of the country. Millions of dollars have been spent in tests and expense for travel by so-called experts, yet the boll weevil marches on. What Senator Williams said may for a time be hurtful to the cotton farmer, but in the end the truth is better and the sooner stubborn facts are realized the better. Like the quack doctor who, when confronted with a case that baffles him, throws his patient into fits, then undertakes to cure the fits, we might at least cure the "experts" or exterminate them. They are too costly.

LET THE HIGHWAY DEPARTMENT TAKE OVER THE ROADS.

There will be a constitutional amendment submitted to the electorate of Mississippi at the November election which seeks to turn over certain main highways to the State Department.

A similar amendment was voted on two years ago and failed to carry. But since that time, the National Government has tightened the lines and adopted such regulations as make it practically imperative that States which are to share liberally in national road funds must meet its regulations. Hence it appears that the only business, the only sensible thing to do, is to adopt the amendment and by so doing put Mississippi in line to get its share of the money appropriated by Congress.

The wisdom or lack of wisdom of a federal policy which allocates funds on a 50-50 basis to the different states, is not the question. The money is and will be appropriated from time to time by Congress and if Mississippi does not amend her Constitution to meet the requirements of the National Government, then the money will go to those states which do. Therefore we urge the voters of Grenada County and of Mississippi to vote for the proposed amendment.

School Days Are Here

School Days, School Days: Dear Old Golden Rule Days.

Teachers, Parents, Children; read what a prominent educator has to say and be sure that the itch does not break up your school this year. There is no need of a single pupil staying away from school now a single day, on account of the itch.

Get a jar of Spivas' One-Night Itch Remedy. "One Night is Right." Louisville, Miss., June 10, 1922. ANONA COMPANY, Jacksonville, Tenn.

In reply to yours of the 12th inst. in regard to Spivas' One Night Itch Remedy. I wish to say that I used this remedy in my family and found it to be all that Dr. Spivas recommended it to be. Two years ago my wife came back from the hospital with "itching skin" that was very an-

noying. I tried two Doctors without getting any relief. After several months I went to Dr. Spivas. He pronounced it dermatitis and I then obtained a jar of this remedy. One application cured her.

Yours very respectfully,
E. C. Lovorn,
County Supt. of Education.

RELIEF IS FOUND FROM STOMACH TROUBLE

Hope for the millions of unfortunate men and women who are victims of stomach trouble is sounded by W. T. Hornbarger, 56 Pine St., Clifton Forge, Va. Mr. Hornbarger was a victim of stomach trouble in its worst form but was completely restored to health by taking Tanlac. He says: "I have actually gained thirty-six pounds by taking Tanlac and I'm able to work regular now for the first time in four years. I don't believe there is a man living who ever had stomach trouble worse than I did. I lived in dread of those spells all the time and life was almost unbearable. I am now in the best of health. Tanlac gets credit for it all."

Undigested food ferments on the stomach and soon the entire system is filled with poisons. Tanlac was designed to restore the stomach to a healthy condition and build up the whole body. Millions everywhere have acclaimed its wonderful power. Get a bottle today. Tanlac is sold by all good druggists. —Advertisement—

OUR FRIENDS IN WINONA

Give Added Praise. Their Statements Are Convincing.

It is gratifying for us to read such good news as the following, for it shows that the experience of our friends in Winona is the same as that of many Grenada men and women who have spoken out so heartily in these columns:

Mrs. Myrtle Lane, College St., Winona, Miss., says: "A bad attack of the 'flu' left my kidneys in a weakened condition and I was miserable for a while. My back pained day and night and I couldn't sleep more than a few minutes at a time. I suffered with an awful aching in the top and front of my head. I tried home remedies but they didn't help me. One day I read of a case just like mine in Doan's Directory so I got a box of Doan's Kidney Pills. They cured me and I haven't been troubled since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lane had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.—Advertisement.

THAT'S the name we are fast acquiring by the patronage that so many local motorists, and tourists too, are according us.

It doesn't take automobile owners long to learn where they can be served the quickest and most economically.

Plenty Free Air and Water

Auto owners know that they are heartily welcome to all the conveniences which we have installed for them.

We don't expect a man to spend money with us every time he stops here. And that's one of the good reasons why they do spend it here whenever there's anything in our line that they need.

What a tempting treat they are, these beautiful biscuits! Piping hot, with light, fluffy centers of finest white and crusts of golden brown, they are incomparably delicious.

For they are baked with Valier's Dainty Flour, which comes from the choicest soft winter wheat of America's great granaries. The perfect product of master millers, every sack of it measures up to the high standards of quality set by Valier.

Naturally, you pay a little more for this finest of flour. But then you are sure of better baking—and you use less lard. Ask for Dainty Flour by name, when next you order from your good grocer.

HON. C. E. DORROH A PROBABLE CANDIDATE

Hon. C. E. Dorroh, twice a member of the legislature from the good old County of Noxubee, and a Captain in the World War, was in Grenada Tuesday afternoon enroute to the University, at Oxford, to be present at the opening.

Mr. Dorroh is a high class gentleman and can be counted on to be true and loyal in all things. The guessing ones have been picking Mr. Dorroh as one of the probable candidates for the office of Lieutenant Governor next year, and while he did not authorize an announcement, The Sentinel's guess is that his hat is in the ring.
